World Association of the Major Metropolises

Prefeitura de  
**PORTO  
ALEGRE**

On behalf of Metropolis and the City of Porto Alegre we are pleased to welcome you to the **10<sup>th</sup> World Congress of Metropolis**.

Cities are presently in transition toward new types of challenges concerning the environment, governance, sustainability, innovation, and the public-private partnership. The Congress will revolve around the theme **“Cities in Transition”**.

The current context in constant evolution emphasizes the need to review the urban policies undertaken to date and to apply creative and sustainable solutions under a new paradigm that improves the quality of life of all members of the public. Metropolis invites us all to consider our future as urban citizens.

The Congress will therefore provide testimonies and recommendations from diverse cities that find themselves in different processes of transition. Moreover, the 10<sup>th</sup> Metropolis World Congress will be a unique exchange and networking opportunity that gathers urban planners, government leaders, city managers, urban management experts, international NGOs, academics, and other important stakeholders from around the world.

Recognized for its innovative public policies, Porto Alegre will emerge as the ideal forum for fostering South-South and North-South city cooperation.

We hope you have a productive, inspiring and memorable experience in Porto Alegre.

**Jean-Paul Huchon**

President of Metropolis

President of the Ile-de-France Region

## GLOBAL FUND FOR CITIES DEVELOPMENT (FMDV)

BOARD OF DIRECTORS AND GENERAL  
ASSEMBLY (for members)

The FMDV is an NGO that Metropolis launched to provide local authorities in emerging and developing countries with access to the external financial resources they need to roll out urban development projects.

**Venue:** Federasul 8

The Global Fund for Cities Development (FMDV) was created in 2010 during its Constituent General Assembly meeting that brought together 34 founding members.

It accompanies the local authorities that it supports throughout the entire implementation of urban development projects (project design, capacity building, search for funding, etc.) through technical assistance and financial engineering.

The first FMDV General Assembly meeting, to be held on 25 November as part of the Metropolis World Congress, will be the occasion to appoint the Board of Directors and Executive Committee; approve the statutory decisions (budget, agenda, collaborations, new members, modification of articles of association, etc.), and select the projects to be supported in 2012.

## **CITIES, CHILDHOOD AND YOUTH POLICIES**

**Venue:** Hotel São Rafael **1**  
(Itapema Auditorium)

The aim of the event is to promote discussion forums together with responsible government organizations and NGOs, in collaboration with the cities in the Porto Alegre metropolitan region and other cities in the world, with training initiatives and a critical reflection on the situation of children and young people who live on the street.

**13:00 - 14:30**

## **TECHNICAL VISIT: REHABILITATION PROJECT FOR CAIS MAUA**

The rehabilitation project for Cais Maua, Porto Alegre, will be explained on board a vessel, concentrating on the most important aspects that have materialized. It will involve the participation of Josep Munne, chair of the contract-winning consortium, and of the architects behind the project, Jaime Lerner and Fermin Vazquez.

Drawing on references to similar works previously undertaken in other places around the world, the goal is to situate and imagine the future of the rehabilitation of Cais Maua, which aims to become a new reference point within the transformations of the recovery of urban water fronts.

### ECO RESERVES

**Wed. 23 November 09:30 – 18:00** (Lunch not included)

Porto Alegre is one of the cities with the most expansive green areas in Brazil. Over the last 20 years the City Government has managed to create and maintain two large Natural Reserves inside the city area. The agricultural center of Porto Alegre and Lami ecological reserve will be visited.

### CITY MOBILITY – MEGA EVENTS PREPARATION

**Wed. 23 November 09:00 – 11:00**

Porto Alegre is facing the challenge of creating a sustainable environment, with all the mobility and traffic issues this involves, in the run-up to hosting the FIFA World Cup. Participants will tour the Traffic Control Center, established as a result of technical cooperation with Stuttgart, and the work areas of the 2014 FIFA World Cup.

### CHOCOLATÃO PROJECT

**Wed. 23 November 13:00 – 17:00** (together with the visit to PISA)

**► Sat. 26 November 09:00 – 13:30**

Uncontrolled metropolitan growth has seen urban resettlements become a common requirement in large cities in developing countries. This technical visit will be a chance to showcase one such example, in the form of the Vila do Chocolate Project in Porto Alegre.

### TECHNOLOGICAL PARK

**► Sat. 26 November 14:00 – 17:00**

Porto Alegre has been endeavoring over the past decade to create a welcoming environment for technological advances. Participants will witness the solutions the City has created together with the public technology company, PROCempa, as well as the main technology parks in Porto Alegre, the largest in southern Brazil.

### PISA

**Sat. 23 November 09:00 – 13:30**

Porto Alegre has been investing in sanitation and water management and the PISA (Social and Environmental Integrated Project) is the largest project in the city's history, as well as one of the biggest in Brazil.

It will see the city increase its treated sewage figures from 27% to 77%.

### **HOTEL PLAZA SÃO RAFAEL AND CONVENTION CENTER**

The Plaza São Rafael Convention Center will host several pre-congress meetings and sessions, including the Regional Secretaries Meeting.

The Congress Secretariat Room and press room will also be found in the main Congress hotel.

### **SÃO PEDRO THEATER**

São Pedro is the oldest theater in Porto Alegre, built in 1834. Neoclassical in style, it was restored in 1975 and has been open to the public since 1984, thanks to Eva Sopher, the best-known cultural entrepreneur in southern Brazil.

The Opening Ceremony and Plenary Session on Governance and Quality of Life will be held in the theater.

### **LEGISLATIVE ASSEMBLY (FARROUPILHA PALACE)**

The building of the Rio Grande do Sul Legislative Assembly, it is located next to the São Pedro Theater.

Several meetings will be held in the following rooms: Teatro Dante Barone and Foro Democrático.

### **FEDERASUL**

The Federation of Trade Associations and Services of Rio Grande do Sul (Federasul) is a non-profit entity of free association. The Statutory meetings will be held here.

## **ACCOMMODATION**

The city of Porto Alegre will meet the accommodation costs for a single room for the heads of delegation from each Metropolitan member city for four nights (23-26 November). Please bear in mind that any extra night's accommodation or additional expense, including extras such as phone calls, mini bar consumption etc., as well as the expenses of accompanying persons, are the responsibility of the participant.

## **ACCOMPANYING PERSONS**

Accompanying persons are entitled to register for technical and tourist visits (subject to availability). They can also enjoy the social events (Welcoming Reception and Gala Dinner). Should they wish, accompanying persons may contract the services of a tour operator at their hotel reception desk in order to arrange excursions or guided visits around town during the days the event is held (the cost of these services shall be met by the individuals concerned).

Accompanying persons should identify themselves at the registration point located in the hotel reception to confirm their attendance at the social events and to sign up to the visits they are interested in.

## **MEDICAL ASSISTANCE AND INSURANCE**

The Organization has contracted a personal insurance policy for all participants during the meeting (from 23 to 26 November).

## **TIPPING**

Most restaurants and bars include a 10% service charge on the bill. When service charge is not included in bill, 10-15% is the general rule.

## **GET AROUND**

The city is roughly a semi-circle that expanded outward in a concentric manner, beginning from the historical city center, right next to the promontory and the harbor. Avenues going from the center to the outer areas of the semi-circle are the radiais (radials) and are crossed by avenues named perimetrais (perimeters).

## **TAXIS**

There are plenty of taxis. They can be pricey, if compared to other towns, but they are also an easier, safer and more dependable option than buses in some cases.

## **PUBLIC TRANSPORT**

The Porto Alegre Metro operates from 5:00 to 23:20. Trains run every 5 minutes during rush hours, every 10 minutes during daytime and every 15 minutes before 6:00 and after 20:00.

Linha Turística (Tourist Line) is a bus that leaves from Usina do Gasômetro tourist terminal around six times per day. During 90 minutes, it traverses the various districts of Porto Alegre.

## **WALKING**

Walking around is a reasonable idea only inside a given neighborhood or downtown, as opposed to from one neighborhood to another, as they are usually too far apart. Like in any other big city, walking during the night in most parts of the city is not recommended. During the day, it is recommended to pay attention to your belongings. Avoid parks at night.

## GDF SUEZ, partner of **sustainable urban development**

### Six priorities for a sustainable city

To implement consistent and complementary services that contribute to virtuous operation, This strategy can be seen in terms of six priorities defined by GDF SUEZ for a sustainable city:

1. Involve the inhabitants and stakeholders in building the city;
2. Pay special attention to human contact and social interaction;
3. Promote the circular economy - through recycling, energy saving and resource saving;
4. Promote the functional economy - from ownership to the optimal use of an asset;
5. Develop synergies among our businesses by adapting them to the local context and promoting local roots;
6. Highlight performance in order to progress.
